

01 / PROFILE

MEHMET HAMZA ÖZER

FRONTEND DEVELOPER + WEB DESIGNER

DESIGNING THE INTERFACE. BUILDING THE PRODUCT.

02 / ABOUT

Frontend Developer and Web Designer building accessible, conversion-focused web products. I combine frontend and full-stack delivery with AI-assisted design workflows. At QReal, I built JavaScript-based AR experiences that generated more than 2 billion views and contributed to projects for Adidas and Nike.

03 / EXPERIENCE

WORK HISTORY

Product-minded frontend delivery, interactive JavaScript and AI-assisted design.

2023 - NOW

01

KOBIMASTER

2025 - PRESENT

FRONTEND DEVELOPER / WEB INTERFACES

Designing and developing functional, visually clear web interfaces around real user and business needs.

- Own interface decisions from concept and rapid prototyping through implementation.
- Use Figma, Google Stitch, VS Code, ChatGPT, Claude, Google AI Studio and Codex to accelerate exploration and problem solving.

02

QREAL

2023 - 2025

JAVASCRIPT DEVELOPER / AR LENS DEVELOPER

Built interactive lenses, mini-games and trend-led AR content for Snapchat, TikTok and Instagram.

- Created JavaScript interactions that helped the portfolio surpass 2 billion total views.
- Contributed to branded Snapchat projects for Adidas and Nike in a collaborative production team.
